Required Equipment to Bring:

Firearm, 2 Magazines, Magazine Holder, and 100 Rounds of Ammunition

Course Content:

Basic Pistol Stage 1 class will start with an Introduction to Basic Pistol fundamentals refresher and then move into more advanced skills such as moving your weapon between two targets and then focusing your weapon around selected parts of a 5 part target. These 2 drills allow the shooter to gain better eye and hand coordination.

Once these skills are mastered, we will move right into 2 double tap drills, along with a magazine drop and change. These drills are designed to put several rounds on one spot of the target, while doing a tactical magazine change. The drills will allow the shooter to keep their focus on the target, while completing a magazine change and continuing to shoot.
